## Phoenix Training Group:

### Good News Story

Casey started as an Apprentice and has completed her Business Administration Level 2 qualification to a very high standard. Casey went above and beyond to produce an excellent portfolio of work. This has resulted in Casey successfully securing a permanent role in the accounts department and is enrolling on an accountancy qualification. “It was a pleasure to work and support her through her programme and to see the benefits that the qualification has given her to progress in her role. I wish Casey all the best in the future and hope she reaches her career goals and aspirations.” – Chloe Harrison, Xtol Development Services

Engage have been awarded a small amount of funding from Table Tennis England to purchase a table tennis and equipment for their centre.

There has been a fantastic response to this new resource with the learners and staff engaging in this activity on a regular basis at break and lunch times.

Engage held a table tennis tournament at the MacMillan Coffee Morning in order to raise additional funds for Cancer Support.

## E Safety

### How to Stay Safe Online

Remember that not everyone online is who they say they are

Think carefully about what you say before you post something online

Respect other people's views, even if you don't agree with someone else's views doesn't mean you need to be rude

Never give out your passwords

Don't befriend people you don't know

## Radicalisation

### How to spot the signs of radicalisation !!!!!!!

A person might hold a strong conviction that their religion, culture or beliefs are under threat and are being treated unjustly.

They might start believing conspiracy theories and distrusting mainstream media.

They might develop a need for identity and belonging, which can cause them to join a group in which they have previously shown no interest.

They might also be secretive about who they've been talking to online and which websites they visit.

They may switch screens whenever you come near the phone, tablet or computer they're using.

### Preventing Extremism

**Four P's**

**Pursue** - to stop terrorist attacks through disruption, investigation and detection.

**Prepare** - where an attack cannot be stopped, to mitigate its impact.

**Protect** - to strengthen against terrorist attack, including borders and utilities.

**Prevent** - to stop people becoming terrorists or being drawn towards terrorism
