

# Newsletter-October- December 2020

## Phoenix Training Group:

All centres have now **re-opened** for business as we have introduced safety measures in line with the government guidelines.

### **Are you looking to recruit new employees?**

Why not expand your workforce and make the most of the new government incentive apprenticeship payments that are available to employers. The government has introduced incentive payments of £2,000 to employers for each new apprentice they recruit aged 16-24, and a £1,500 payment for each new apprentice they hire aged 25 and over, as from the 1st August 2020 to January 31st 2021. The new incentives have been launched by the government to generate hundreds of thousands of new jobs for young people to support those gaining skills and gaining employment.

## Good news Story:

Across all the centres we managed to get 100% success for the centre assessed grades for Maths, English and ICT over the furlough period.

After completing his business administration level 2 apprenticeships, Alex has been given a full time position in the administration department at Oakwood Solicitors. He is currently looking to progress his career into the accounts department to further his career within the company.

## Upcoming Adult Funded Courses

Are you **19+ & Unemployed** and would like to develop your skills and knowledge.

**Contact** 01709 786411 for more information
